OWNER APPLICATION TO REMOVE COMMON AREA TREES

Homeowners may request to remove or prune common area trees at their own expense when the tree affects that owner's property enjoyment or is deemed to be a risk to the owner's property. Owners must obtain permission before removal of a tree or pruning a common area tree in any manner.

The only time an owner may cut a tree planted in common area is when branches or roots invade the owner's lot. The Two Rivers Board encourages prudent pruning of roots or branches that are currently invading your property.

HOMEOWNER: _____ DATE SUBMITTED: _____
ADDRESS: _____ PHONE #: _____ EMAIL: _____

Tree Located at: Please describe the common area where tree is located (i.e., 20 feet behind east side of fence).
